About this item

- HT-100 carbon fiber drag washers
- Full-metal body and side plates
- Line capacity rings
- Fast gear access side plate
- 4+1 stainless steel bearing system

Product Description

Durable and dependable, the Penn Fathom II Level Wind Conventional Fishing Reel is made with charter boat captains in mind. The goal was to create a reel that is easy to clean and repair, something that's especially important to anglers who spend a lot of time out on the water. The fast gear access side plates allow for easy access and effortless maintenance without worrying about springs or other small parts flying out. The Fathom II houses a powerful HT-100 drag system that allows up to 30 pounds of drag and stops any fish that bites. Its shielded stainless-steel ball bearing provides smooth operation through even the toughest battles. Whether bottom-fishing or casting live bait, the Fathom II will stand up to the harshest fishing conditions. The level wind reel is powerful and durable enough to handle whatever you throw at it, making it a welcome addition to any angler's arsenal.

MODEL	Bearing Ball	GEAR RATIO	Line(PE)	Weight(g)	RECOVERY RATE (cm)	Max Drag(kg)	L/R Hand
