

PRO MAX3 Abu Garcia Fishing Reel RIGHT LEFT Hand Low Profile Baitcast Fishing Rod

Our Product Introduction

Basic Information

- Place of Origin: Shandong, China
- Brand Name: Abu Garcia / Sunrise
- Certification: ISO
- Model Number: Abu Garcia PRO MAX3
- Minimum Order Quantity: 100 Pieces
- Price: USD 52.96/Piece
- Packaging Details: Negotiated / Standard Package
- Delivery Time: Negotiated / 20 Working Days After Payment
- Payment Terms: T/T
- Supply Ability: 5000 Pieces/Month

Product Specification

- Product Name: Abu Garcia PRO MAX3 Fishing Reel
- Material: Stainless Steel, Aluminum, Graphite
- BALL BEARINGS 7+1BB: 7+1BB
- Gear Ratio: 7.2:1
- BRAKING SYSTEM: Magnetic
- REEL SPOOL MATERIAL: Aluminum
- MAX DRAG LB: 18lb | 8.1kg
- Weight: 207g
- Highlight: PRO MAX3 Abu Garcia Fishing Reel, Low Profile Abu Garcia Fishing Reel, Low Profile Baitcast Fishing Rod

Product Description

Abu Garcia PRO MAX3 RIGHT/LEFT Hand Low Profile Baitcast Fishing Reel

About this item

One piece graphite frame and graphite side plates

7 stainless steel ball bearings plus 1 roller bearing

Clear Tip design delivers added responsiveness and strength

Duragear brass gear

MagTrax brake system

High density EVA handles

Machined double anodized aluminum spool

MODEL	HAND	Gear Ratio	BB	Weight(g)	Max Drag (kg)	MONO Capacity (LB-YD)	BRAID Capacity (LB-YD)
PMAX3	RIGHT	7.1:1	7+1	207	6kg	12LB/145YD	30LB/140YD
PMAX3-L	LEFT	7.1:1	7+1	207	6kg	12LB/145YD	30LB/141YD

INTRODUCTION:

The Abu Garcia PRO MAX3 is a popular fishing reel produced by Abu Garcia, a well-known manufacturer of fishing equipment and tackle. The Abu Garcia PRO MAX3 is a baitcasting reel, designed for freshwater fishing applications.

Some of its key features include:

Gear Ratio: The reel usually comes with a gear ratio of around 7.1:1, which means the spool rotates 7.1 times with one complete turn of the reel handle. This high gear ratio allows for fast and efficient retrieval of the fishing line.

Bearings: The PRO MAX3 typically comes equipped with multiple ball bearings, usually between 7 to 9, for smooth operation and improved casting performance.

Drag System: It is equipped with a reliable drag system, allowing anglers to set the drag tension to prevent line breakage when fighting strong fish.

Brake System: The reel may feature a brake system, such as a magnetic or centrifugal brake, to help control the spool during casting and prevent backlash.

Construction: The reel's body is commonly made of lightweight and durable materials like graphite or aluminum, reducing fatigue during long casting sessions.

Line Capacity: The PRO MAX3 can hold a specific amount of fishing line, which varies depending on the model and version.
